**Read the text and answer the questions: (4 points)**

What excatly is respect? It`s the sense of worth or personal value that you attach to someone.Respect is an overall evaluation you give someone based on many factors-what that person is doing with their life, how they treat you and others, whether they are honest or not and if they seem to consistently to do good things, Large or small, for other people.In short, respect is a positive view that you form of how someone is living their life. On the other hand, self-

respect Is your view of how you`re living your life. There are three areas of respect – self respect, respect for others and other people`s respect for you. All three of these areas of respect are very important. Respecting yourself means giving and definig your pwn worth and value as a human being. Think about this: if you do not respect yourself, it will be more difficult for you to respect anyone else. So it all begins with self-respect.

1.What is the best title for the paragraph?

2.What is the meaning of respect?

3.What are some of the factors that affect your overall evalution about a person?(two factors)

4.You can easily respect others if you don`t respect yoursef.

True

False

5.Self-respect is a feeling of respect for yourself that shows that you value yourself.

True

False

**Good luck**
